

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

greatest decrease occurred on the Sunday. This fact proves that the increase of temperance on the Sunday has not tended to promote the prevalence of drunkenness on the week-days; and that a favourable difference throughout the week may be remarked in those parts in which the improvement on the Sunday was the greatest.

Return of the Number of Persons taken into Custody for Drunkenness by the Metropolitan Police, distinguishing those apprehended on the Sabbath, in the first Five Months of 1840, compared with the same period in 1838-39.
